The units have a full kitchen and full bathroom and are individually metered for gas and electric. The meters are in the basement and the boiler and water heater is gas.

The air rights can also be used to duplex the top floor or to develop a five story mixed-use building.

The building is also a great **user opportunity**, a user can have a business on the ground floor and live on the second floor. The third floor can be rented for income.

The property is located on a busy block with lots of foot traffic, there are nice retail stores, super markets and restaurants in the area. The B44 bus

stops on the block, 2 & 5 train is one block away on Beverly Road & Nostrand Avenue.
